YİĞİT DOĞANTEKİN

AI AUTOMATION AND PROMPT DESIGN

Balıkesir, Türkiye · ydogantekin@gmail.com · github.com/yigit2015 · yigit2015.github.io/kivilcim-indir

01 SUMMARY

Entry-level AI automation practitioner who takes products from idea to release with Claude Code and multi-agent workflows. Designed the Kıvılcım habit app as product owner, ran all development by directing AI agents, and released it on five platforms. User of OpenAI tools since the early betas, building projects actively for the past year. Looking for an entry-level role in AI automation or prompt engineering.

02 SELECTED WORK

KIVILCIM – *Gamified habit tracker*

DATE SEP 2026 – ONGOING · ROLE PRODUCT OWNER · STACK EXPO · REACT NATIVE · TYPESCRIPT · ZUSTAND · VERSION 2.8.0 · LANGUAGE TR / EN

- Designed an offline app that needs no account or cloud, as its product owner, and ran all development by directing Claude Code agents.
- Split a 200-item roadmap into 10 phases; 189 items completed.
- Released Android, Windows, macOS, Linux and web versions on GitHub.
- Controlled quality with agent-written tests: 236 unit tests plus browser end-to-end tests.
- Set up a six-agent design contest and a 10-agent idea research round.

JEV BIST BOT – *News-reading signal bot*

DATE OCT 2026 · STACK PYTHON · TELEGRAM · LOCAL DASHBOARD · MODE PAPER (SIMULATION)

Built, with Claude Code, a Python bot that has an AI model read Borsa Istanbul company disclosures (KAP) and produce buy / sell signals. The model interprets the news; code makes the buy and risk decisions. Backtested on 1,628 KAP disclosures. Tested in paper (simulation) mode only; it sends no real orders.

AKIŞ – *Personal budgeting app*

DATE SEP 2026 · FORMAT SINGLE-FILE WEB APP · GOAL AN EXPENSE IN 2 TAPS

Defined the requirements for a budgeting app built around entering an expense in 2 taps, in a product spec called “Zero Friction”, and built it with Claude as a single-file web app.

03 SKILLS

Claude Code · AI agent and multi-agent orchestration · Prompt engineering · Skill / MCP / hook setup · ChatGPT (OpenAI), Gemini · Roadmapping and test tracking

04 EDUCATION

Manisa Celal Bayar University – Associate Degree, Alternative Energy Resources Technology, 2024–2026

Balıkesir Sınav College – High School, English language program

05 LANGUAGES

Turkish (native) · English (B1, certified)
